A ROUND FOR THE HOUSE GOLF SCRAMBLE

TO BENEFIT
RONALD MCDONALD HOUSE

Ronald McDonald House Charities of Marshfield, in collaboration with a committee of generous community members, are excited to announce the 2023 details for our signature event, **A Round for the House: 3rd Annual Golf Scramble to benefit families.**

For the past forty years, Ronald McDonald House of Marshfield has served thousands of families in need by keeping them close to their hospitalized child. This charity golf event will raise critical dollars that continue to fund our mission.

The 3rd Annual A Round for the House will be held on Friday, August 18, 2023 at RiverEdge Golf Course in Marshfield, Wisconsin. The golf event will include:

- Four-person, 18-hole golf scramble
- On-course games and contests
- Auctions and raffles
- Sub sandwich lunch
- Golfer participation gifts

We are asking you to consider playing an important role in the event by becoming a sponsor of A Round for the House. Sponsorships range between \$250 - \$5,000 or an auction item. Sponsorship levels are outlined in the enclosed Sponsorship Opportunities booklet. All sponsors are recognized during the event through an assortment of opportunities. More importantly, however, you will become part of a care team that works to keep families close during their most vulnerable times.

We appreciate your support in our quest to ensure that no child is left alone during a hospitalization because their parent cannot afford to stay nearby.

Thank you for your consideration.

WHY YOUR SPONSORSHIP MATTERS

By supporting your local Ronald McDonald House, you are giving the gift of togetherness and helping provide 24/7 hugs and kisses when they need it most.

Whether because of complications at birth, chronic illness, cancer, heart issues or trauma, families stay with us for reasons as diverse as the young patients themselves. But they all have one thing in common: they're away from home and in need of our own brand of compassionate hospitality, as well as a community to support them while their children receive treatment.
