

Ronald McDonald House Charities of Marshfield HOME FOR DINNER MEAL PROGRAM

The Home for Dinner meal program provides support to families who are taking care of their sick child, and often don't have the time, funds, or energy to prepare a homecooked meal. After a long day at the hospital, a prepared meal is one less thing our families have to stress about!

If you'd like to help, please select from one of the four options below.

IMPORTANT: Once you make your selection, please call Ronald McDonald House at 715.387.5899 to confirm date availability and ask any questions. Within the days prior, RMHC can let you know how many families are in the House, what meals will be prepared that week or if we have any ingredients available in our pantry for your use.
